IdentityIQ Essentials v8.2 - ELEARNING

Read Me

This course consists of multiple video lessons and PDFs, access to a cloud virtual machine exercise environment, and a self-assessment test. You will find access to each of these components in the course activities list.

Course access is for 90 days.

To complete this class, in the activities list:

1. Download the **README, Presentations, Exercises, and Answer Key**. Open each activity, then click download
2. Locate and start the virtual machine: **eL IdentityIQ Essentials v8.2 Cloud VM**
Note: Credentials are provided in the exercise instructions
3. Start the video lessons with the **Course Introduction** activity
4. Work exercises when instructed to do so in the lessons
5. For best experience, complete the lessons in order, reviewing when necessary
6. After completing all lessons, take the **Self-Assessment** test located at the end of the activities list

To access the activities list, click 'X' to close this file.
